Focus on practice, not only on theory

At Advisera, our mission is to make complex frameworks easy to understand and simple to use. This is why we focus on ease of learning and on the practical aspects of what you learn.

This is why this course combines practical information with an interactive workshop, guided by an Advisera expert, to help you practice the concepts necessary for auditing ISO 14001.

How do the course & certification work?

What you'll learn

Part 1: ISO 14001 Foundations

- **Module 1 - Introduction to ISO 14001:** Understand the standard, the EMS, its requirements, benefits, and implementation.
- **Module 2 - The Planning Phase:** Learn how to plan an EMS, including its scope, objectives, roles, resources, and documentation.
- **Module 3 - Environmental Aspects, Compliance Obligations, Risks, and Opportunities:** Understand environmental aspects and impacts, compliance obligations, risks, opportunities, and planned actions.
- **Module 4 - Operations:** Learn about operational planning and control, externally provided processes, changes, and emergency preparedness.
- **Module 5 - The Check and Act Phases:** Learn how to monitor, evaluate compliance, audit, review, correct, and continually improve the EMS.

Part 2: Certification Audits

- **Module 6 - Auditing Basics:** Learn core auditing techniques, including evidence gathering, sampling, interviews, findings, and audit reporting.
- **Module 7 - Understanding Auditing Standards:** Understand ISO 19011, ISO 17021-1, certification, accreditation, and auditing principles.
- **Module 8 - Understanding Audit Roles and Responsibilities:** Understand the responsibilities of the lead auditor, audit team, client, auditee, and other audit participants.
- **Module 9 - Planning the Audit:** Learn how to define audit objectives, scope, methods, team, resources, risks, and audit plans.
- **Module 10 - Managing the Audit Process:** Practice opening meetings, site visits, interviews, evidence requests, debriefing, and conflict management.
- **Module 11 - Managing Your Audit Team:** Learn how to communicate with, coordinate, monitor, and manage an audit team effectively.
- **Module 12 - Completing a Successful Audit:** Learn how to evaluate findings, reach conclusions, conduct the closing meeting, write the audit report, and complete post-audit activities.
